**\*Students are *strongly advised* to check with the program they plan to apply to for specific prerequisites.**

### What factors are considered in the AA program admission process?

1. The completion of the prerequisites for the program *and* completion of a Bachelor's of Science/ Arts degree from an accredited university.
2. The overall GPA (includes all coursework that has been attempted except for health, PE, orientation, and learning support courses), *and* the science GPA (includes all science courses such as chemistry, physics, and biology).
3. Quality of the applicant's personal statement (admissions essay).
4. Community service and work experience. Shadowing an anesthesiologist for a minimum of 8 hours is required. Students should consider volunteering at a local hospital or clinic to gain practical experience in the health professions.
5. Official GRE *or* MCAT entrance exam scores
6. Letters of recommendation (3) and on-site interview (by invitation only).
