

The Georgia Performance Standards Commission has provided the following Preparation Program Effectiveness Measures (PPEM) data for GACE. Our candidates have a 99% pass rate. Almost 68% of our candidates passed at the professional level with less than 1% failing. We continue to monitor GACE scores and adjust course work as needed. Again, the data shows that our candidates performed better than all EPP's (PPEM Rating Level 4).

Measure 4: Ability of Completers to be Hired

The Georgia Performance Standards Commission has provided the following data on the number of GGC completers who were hired in education positions in Georgia for which they were prepared. This data does not reflect completers who were hired in other states. Many of our students are offered jobs before they complete their student teaching which indicates that they are prepared to teach.
